# The President's Report

This past year has been a particularly historic one for our Foundation and our hospitals – the Hamilton General and Henderson General.

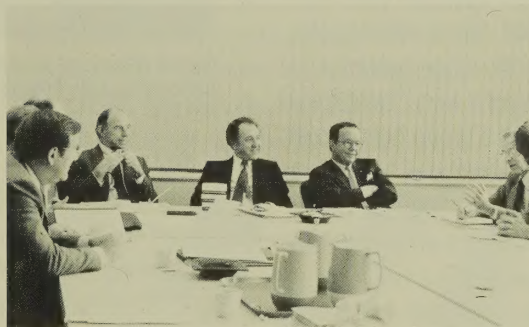

Dreams and planning of twenty years are becoming reality with the rebirth of Hamilton General and the renovating of Henderson General.

For the Foundation this year has been exceptionally memorable because of the staging of our first-ever capital fund raising campaign in support of our hospitals' redevelopment. It has been an exciting and, ultimately, highly rewarding and successful experience for all concerned – board and steering committee members, canvassers, volunteers, and, of course our very hard-working Foundation staff under the expert leadership of Jean Crawford, Director of Development.

also lend assistance in the areas of ongoing research in our hospitals and in the continuing education of healthcare professionals.

We have much to be thankful for this year and extend the sincere gratitude of the Foundation board and staff to all our donors for their support of our efforts. Fund raising and development are sophisticated and multi-faceted fields, but our goal is simple: to assist wherever required to enable our hospitals to care in the best means possible for the 1.5 million Ontarians we serve.

**Robert N. Lofthouse, M.D., F.R.C.S.(C)**  
President  
*Hamilton Civic Hospitals Foundation*

*Much of the campaign's success can be attributed to our Steering Committee's efforts.*

*Campaign Chairman Chester Waxman  
with Community Co-chairman  
Paul Hanover.*

It has been a year of highlight after highlight, and of people bonding together, united in keeping our promise to the community to raise \$14.5 million necessary to help make our Generals five-star facilities capable of providing this community with the best possible healthcare into the 21st century.

Our hospital family, area business and industry, community groups and associations, foundations and private individuals responded to our request for their support in truly admirable fashion. We are within striking distance of our goal and daily we are in active pursuit of it.

We are now poised to go 'over the top' in the capital campaign and we are planning our transition from capital campaign to a diversified annual giving system of programs. Year in and year out we intend to raise the funds necessary for the continuing improvement of our hospitals. We will

*April 1986: the dreams are being replaced by steel, concrete and brick. We have crossed the threshold, but our work will never end.*

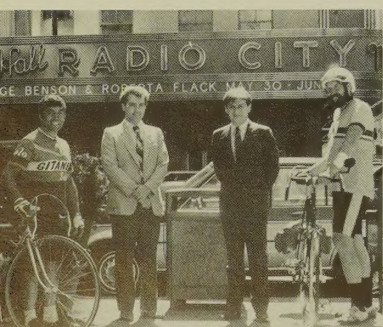

# Director of Development's Report

## A campaign to remember

*The challenge between hospitals' employees was won by Hamilton General donors. Draw prize for a General employee was a trip for two to South America.*

*Rafael Alvarez (l) and Cliff MacDonald: to the Big Apple for the Civic Hospitals.*

What a year!

By March 31, 1985 the Hamilton Civic Hospitals Foundation had raised just over \$5 million dollars for the Hamilton General-Henderson General Hospitals Campaign. Just two months later we passed our minimum target of \$8 million on our way to our ultimate goal of \$14.5 million. We expect to be celebrating the passing of that milestone this summer.

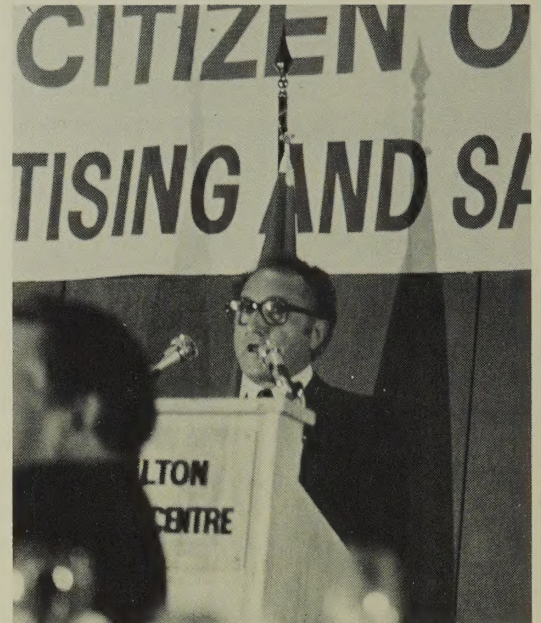

It is the largest hospital capital campaign ever mounted in this area and it has been exhilarating to see the way this community has demonstrated its belief in our efforts. Never before in the 135 year history of the Hamilton Civic Hospitals has it been necessary to ask for the financial assistance of those we serve. At the time of this writing we are well past the \$12 million mark.

Our phenomenal success can be attributed to the outstanding contributions of two groups - Chester Waxman and everyone else. Chester may not appreciate being termed a group but he performs like a one-man philharmonic of fund raisers. We would not have been as successful by half without his diligence, persistence and persuasiveness. The man is a dynamo and our hospitals are the better for it. The entire community of Hamilton and surrounding area is the better because of his lifelong commitment to helping enrich and improve it.

The second group - everyone else - deserves further elaboration because the combined efforts of our board, staff, steering committee, hospital administration, employees, canvassers and volunteers have defined the success of the campaign month in and month out.

From the hardy legs of Cliff MacDonald and Rafael Alvarez who cycled to New York City last May for pledged dollars; to the hardy laughs of almost 1000 people who enjoyed the gala roasting of Chester Waxman in April just past - it has been a year to remember.

\$12 million doesn't just appear in a few large cheques from large corporations - it comes in the door from an elderly gentleman who steps up to our reception counter and hands us a \$1000 cheque because 'your hospital saved my wife's life'.

*For his efforts on our behalf Chester Waxman was honoured as Hamilton's 1985 Distinguished Citizen of the Year.*

\$12 million comes from the efforts of employees like Mike Capuano whose committee brought former NHL greats to town to play a hospital hockey team, entertain a Sunday afternoon crowd of families and raise hundreds of dollars for the campaign.

\$12 million comes from the Firefighters who constantly devise ways to fulfill their \$250,000 pledge to make our Regional Burn Treatment

*GroundBreaking - that was the week that was! Highlights included a Casino Night.*

*Our \$1 million Volunteer Association pitched in to serve their one-of-a-kind GroundBreaking Cake.*

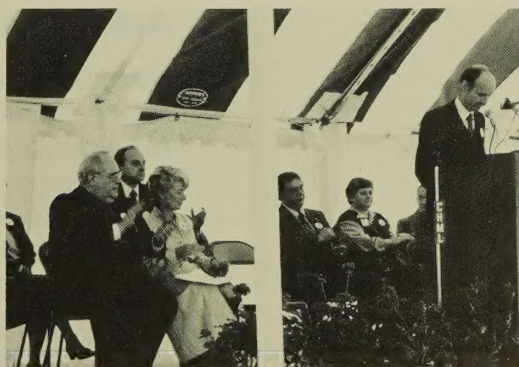

Centre Canada's best. Like their first annual sports memorabilia auction which proved a smashing success.

\$12 million comes in 5000 cheques in 5000 envelopes from people responding to our letter to every area household last November. 5000 envelopes bearing an avalanche of over \$270,000.

\$12 million comes from the Police Association and their \$100,000 pledge toward the equipping of Hamilton General's new forensic pathology unit bearing the name of their retired Chief Gordon Torrance.

And \$12 million comes from our employees and medical staff who have given or pledged close to \$1.5 million toward making the facilities in which they work the best they can be for years to come.

\$12 million comes from over 7500 separate donations, which we acknowledge later in this report. To each and every corporation, group, association and individual we say the same thing, no matter the size of gift – thank you.

*Groundbreaking: Robert Crockford, Chairman of the Board of the Hamilton Civic Hospitals, reflected on the road of dreams that led to this momentous day.*

Once we've reached our goal of \$14 million we cannot afford to rest on our laurels. There will be a continuing need for funding of projects in our hospitals not under the umbrella of the redevelopment project. There will always be a need to improve the hospital environment for the care and proper comfort of all our patients whether they are recovering from open-heart surgery, receiving treatment for cancer or delivering a baby.

As we evolve from the breakneck pace of a capital campaign to the long-term, annual giving systems we can look forward to many, many projects in both hospitals geared toward making the

*Hon. Lily Munro, Minister of Citizenship and Culture, steps into history with the aid of Mr. Crockford.*

Hamilton Civic Hospitals world-class diagnostic, treatment and research centres.

One of our first projects in this fiscal year will be to raise funds for major renovations and re-equipping of Henderson's maternity floors. Henderson's maternity area will celebrate its 50th anniversary in two years, more than 100,000 Canadians were born here including Karen Kain and Mayor Robert Morrow.

There is much work to do, work that will never end. Our aim for the Hamilton Civic Hospitals Foundation is clear – to help our hospitals serve 1.5 million people with the type of excellent healthcare that is expected and deserved by all.

**Jean A. Crawford**  
Director of Development  
*Hamilton Civic Hospitals Foundation*

# Financial Statement 1985/86

To the Members of  
Hamilton Civic Hospitals Foundation

We have examined the balance sheet of Hamilton Civic Hospitals Foundation as at March 31, 1986 and the statement of income, expenditures and changes in fund balances for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Foundation as at March 31, 1986 and the income and expenditures for the year then ended in accordance with the accounting principles set out in the notes to the financial statements applied on a basis consistent with that of the preceding year.

Spicer MacGillivray

April 30, 1986.

## *Auditors' Report*

## *Hamilton Civic Hospitals Foundation notes to the financial statements for the year ended March 31, 1986*

### 1. Significant Accounting Policies

#### (a) Incorporation -

The Foundation is incorporated by Letters Patent as a corporation without share capital under the laws of Ontario.

#### (b) Basis of Accounting -

Income and expenditures are recorded on the accrual basis except for donations which are recorded as received

### 2. Vested Interest

The Foundation has a vested interest in the estate of the late Elsie O. Levy.

### 3. Advance Payable

The Foundation has undertaken to direct a building, renovation and equipment fund-raising campaign on behalf of the Hamilton Civic Hospitals. The Board of Directors of the Hamilton Civic Hospitals approved an advance of funds to the Foundation to cover the operating expenses of the Foundation and to provide working capital as required for the campaign. At March 31, 1986, \$24,640 has been advanced by the Hospitals. The advance is interest free and is repayable as campaign gifts are received, at the discretion of both parties.

### 4. Change in Year End

The Foundation's year end was changed from September 30 to March 31 in 1985. For this reason and because the fund raising campaign has changed operations significantly, these financial statements do not contain comparative figures.

## A year to remember

*\$12 million comes from foundations, associations, corporations, financial institutions, service clubs and from the community-at-large – more than 7500 separate donations to date.*

*More than half a year of planning went into the Chester Waxman Roast which netted close to \$100,000.*
